

## SAMPLE EXAMPLE

As I'm supposed to talk about school, I'd like to say that school plays a very important role in people's life. I spend most of time at school and I consider it to be my second home.

Most of all, I like the atmosphere in my school. I always feel at home there. Besides, I like my classmates and I am on good terms with them.

As for me, the most difficult weekday is Monday. Firstly, I have six lessons on this day. Secondly, I find this day hard because I have two Math lessons on Monday and I'm not very good at Math.

As for my school life, I'd like to have less homework as I need much time to spend on my hobby. Besides, I'd like to have longer breaks to have enough time to eat and chat with my classmates.

Finally, I'd like to say that school plays a great role in my education. I'm happy at school and my school life is interesting and eventful.
